**Subject:** Microsoft Settlement

As an American consumer, I would like to encourage all parties involved to ACCEPT the proposed settlement between the DOJ, the 9 states, and Microsoft. The settlement seems to be a FAIR COMPROMISE, and it is important for the country and the economy to get this case behind us.

Furthermore, I would encourage the judge in the case to compel the non-settling states to join the agreed upon settlement as well.

Sincerely,  
Patrick J. Fox
